

ProCraft Alloy Eye Hoist Hooks

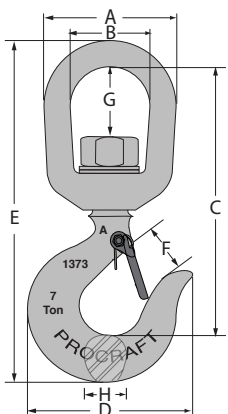

Alloy eye hooks come complete with a safety latch, and are marked with the working load limit, manufacturer and traceability code as per ASME standards. They have a built in safety factor of 5:1 which make them ideal for wire rope, synthetic rope and chain assemblies.

Stock Code	Working Load Limit Tons	Dimension Inches							Weight per Piece Pounds

ProCraft Alloy Swivel Eye Hoist Hooks

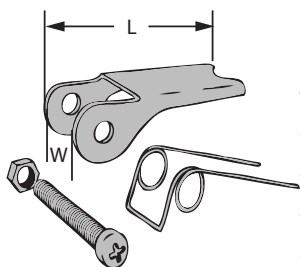

Swivel alloy eye hooks come complete with a safety latch, and are marked with the working load limit, manufacturer and traceability code as per ASME standards. They have a built in safety factor of 5:1 which make them ideal for wire rope, synthetic rope and chain assemblies. These hooks are designed for load positioning and therefore will not swivel under load. **NEVER** swivel this type of hook when fully loaded.
